history when their main course has been predominantly based on national history. They may wish to pursue a cultural or intellectual topic - a study of the arts or philosophy or literature in a particular period. They may wish to focus on an economic topic or a scientific topic.

Environmental Concerns in India: Problems and Solutions

Although India has a rich and long history of environmental laws dating back to the 1970s, it still ranks very low on air and water pollution levels compared to the rest of the world, resulting in higher rates of infant mortality and lower life expectancy rates. Poor sanitation conditions and sewage problems compound the problem affecting the
